**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Being able to have choices in internet providers is essential in having a market that helps innovate and treat consumers with respect. This competition allows consumers to be able to have better choices and for businesses to deliver more of what they need. I use Sonic and have had a great experience. Their customer service is much better than most and their prices are realistic and help provide critical internet to more people.

Thanks for your time.

Regards,
Michael
